

# PHYSICS IN THE PUB

Colliding black holes, quasiparticles, and a low energy future

Melbourne  
11 May 2018

Eight snappy physics presentations:

An informal, lighthearted night where physicists, astronomers, theoreticians, engineers and educators share their love of science

6.30pm Friday 11 May

Beer Deluxe  
329 Burwood Rd  
Hawthorn

Grab a drink and a snack, and hear local researchers talk and laugh about their science in a relaxed setting.

Presenter slots available: email [philuponscience@gmail.com](mailto:philuponscience@gmail.com)
